

South West  
Yorkshire Partnership  
NHS Foundation Trust

With all of us in mind

**Our offer**

With **all of us** in mind.

# Foreword

Hello, my name is Mark and I'm the chief executive of South West Yorkshire Partnership NHS Foundation Trust.

We are a specialist NHS Foundation Trust that provides commissioned community, mental health, learning disability and autism services for the people of Barnsley, Calderdale, Kirklees and Wakefield. We also provide medium secure services for West Yorkshire and local low secure services. We are the lead provider for the West Yorkshire adult secure provider collaborative and lead the South Yorkshire adult secure services collaborative.

We're here to help people reach their potential and live well in their communities, and provide a wide variety of services across a large geographical area. We are a values-based organisation and our strong values guide our actions. Our staff act in line with our values to offer high-quality care in the right place and at the right time to service users, family, friends and carers.

As a foundation trust, we are accountable to members through our members' council which is made up of elected members and also nominated members from key local partner organisations. The Trust is run by our board of directors, our governing body who are responsible for setting the strategic direction of our organisation.

We know that health, wellbeing and recovery looks different for everyone and this is reflected in the breadth of our services. In our Trust we're committed to using and offering creative approaches, including embedding things like arts and crafts, gardening, physical activities, volunteering, peer support and use of lived experience within our services.

We also have a strong focus on partnership working and collaborate with our partner organisation colleagues wherever possible to offer seamless care. You can find out all about the services we provide and our role in the local system in this leaflet.

**Mark Brooks**  
Chief Executive

*Felt very confident as all the team were very capable. Great to know that such fantastic support is available.*

## Our vision

To provide outstanding physical, mental and social care in a modern health and care system.

## Our mission

We help people reach their potential and live well in their community.

## Our values

We are a values based organisation. This means our values are followed by all of our staff and underpin everything we do:

- We put the person first and in the centre
- We know that families and carers matter
- We are respectful, honest, open and transparent
- We improve and aim to be outstanding
- We are relevant today and ready for tomorrow

## Our strategy

We set out our priorities every year, working collaboratively with service users, carers, staff and partners on what we need to achieve to ensure people reach their potential and live well.

Our priorities can be grouped into our strategic objectives, which are:

- Improve health
- Improve care
- Improve resources
- Make this a great place to work

## Our strategic ambitions

Our strategic ambitions set out what we want to achieve and be known for as an organisation. By fulfilling our objectives and achieving our priorities we will be:

- A regional centre of excellence for learning disability, specialist and forensic mental health services
- A trusted provider of general community and wellbeing services delivering integrated care
- A strong partner in mental health and learning disability service provision across South Yorkshire and West Yorkshire
- A trusted host or partner in our four local integrated care partnerships
- A compassionate and innovative organisation with equality co-production, recovery and creativity at its heart

# Our priorities 2023-24

Golden threads	Strategic objective	Priority
<p>Recovery focused and trauma informed</p> <p>Social responsibility and sustainability</p> <p>Equality, involvement and addressing inequalities</p>	<b>IMPROVING HEALTH</b> 	Address inequalities involvement and equality in each of our places with our partners
	<b>IMPROVING CARE</b> 	Transform our older people inpatient services Improve our mental health services so they are more responsive, inclusive and timely Improve safety and quality
	<b>IMPROVING USE OF RESOURCES</b> 	Spend money wisely and increase value Make digital improvements
	<b>GREAT PLACE TO WORK</b> 	Inclusive recruitment, retention and wellbeing Living our values

# Our communities

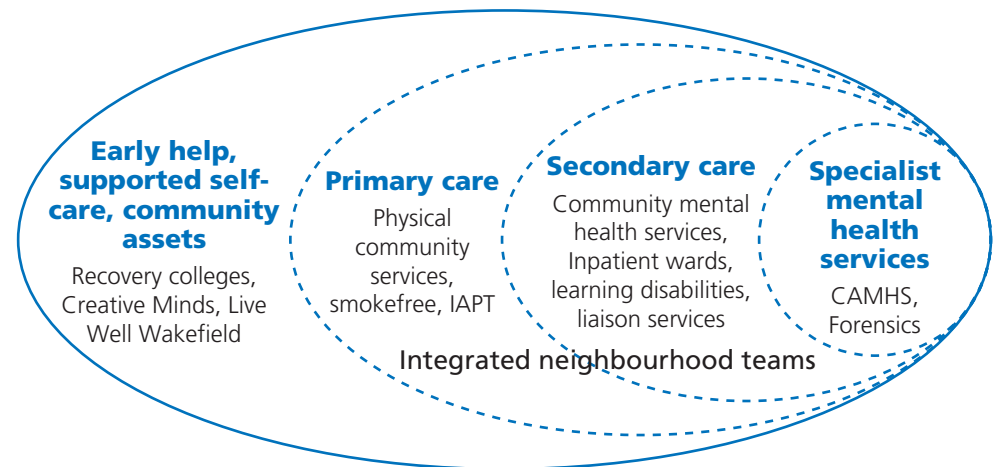

## Our service model

To fulfil our Trust mission of helping people to live well in their communities we take a holistic and system-wide approach to people's health and wellbeing.

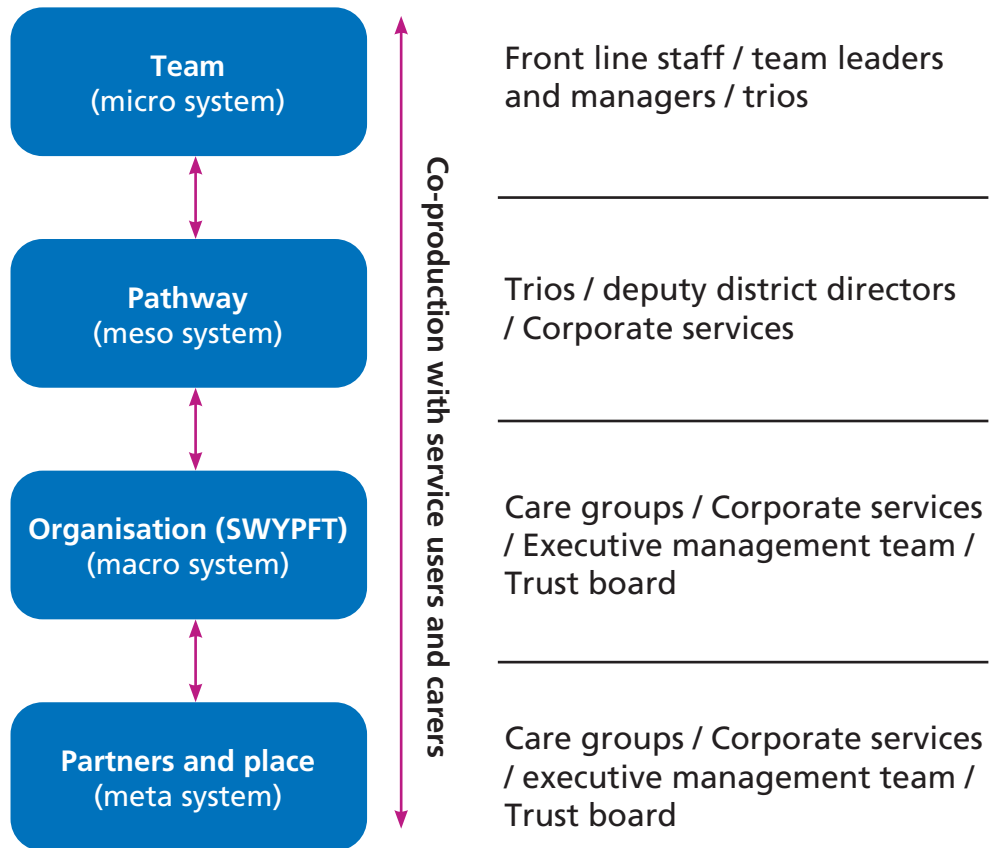

Our service model shows the different types of care we provide. This includes preventative and supported self-care, primary care through our physical health services and improving access to psychological therapies (IAPT), secondary care in both community and mental health services, our specialist mental health and learning disability service.

Our services are place based and delivered in local communities.

With our preventative and supported self-care approach people often don't need to access our primary or secondary care services but can live well independently through self-management and social prescribing. Our community and holistic approach supports people in and out of care with whatever level of support is best for them.

# Our system - how we are run

“ Over the past year I have felt I am moving forward with my life. I have a support team who I know well and really enjoy working with. I am very happy and grateful to everyone who has helped me. ”

# Our local offer

## Barnsley

In Barnsley we provide general community and secondary mental health services. We work closely with partners and service users to deliver care as close to where people live as possible. To do this we work in many community and local places.

Barnsley is home to Kendray Hospital, New Street Health Centre, and multiple neighbourhood service access locations (for example in LIFT centres).

*Services provided in Barnsley include:*

### General community services

- Our **Breathe community respiratory service** provides early supported discharge, home oxygen assessment and monitoring and crisis response
- Our **lymphoedema service** provides specialist assessment and treatment for all patients with a diagnosed lymphoedema / chronic oedema related to a cancer diagnosis
- **Urgent community response services**
- Our **long COVID assessment and treatment service** provides nursing, occupational therapy and physiotherapy to patients diagnosed with long COVID
- Our **health integration team** providing nurse led healthcare for people who are seeking asylum
- Our **tuberculosis service** provides screening, advice and support to people in Barnsley being treated for TB and their family members
- An **adult epilepsy nursing service**
- The **cardiac/pulmonary rehabilitation service** delivers specialist assessment, planning and care
- Our **children's and adult speech and language therapy services** provide support to people with communication and/or eating and drinking difficulties

- The **community musculoskeletal service (MSK)** provides a specialist triage and assessment service for MSK referrals in Barnsley
- A community based **nutrition and dietetic service**
- **Contenance and urology services**
- **Enduring occupational therapy, physiotherapy** and falls provision in the community
- Our **equipment, adaptation and sensory impairment service**
- **Barnsley integrated community equipment service** offers a range of loan equipment to support the care needs and promote the independence of service users living in Barnsley
- **Heart failure specialist nurse service**
- The **intermediate care neighbourhood rehabilitation service** is provided to patients after leaving hospital or when they are at risk of being admitted to hospital
- The **Macmillan community specialist palliative care team** support people with advanced progressive illness and their families
- **Marie Curie supportive care at home service**
- **Neighbourhood nursing planned care**
- **Neurological rehabilitation unit**
- **Neurological physiotherapy** outpatients service
- The **paediatric audiology** department provides specialist assessment and management of babies and children aged 0-18 with hearing problems, and up to 25 for those with special educational needs
- A **paediatric epilepsy nursing service**
- **Children's therapy service**, providing occupational therapy and physiotherapy
- **Parkinson's service**
- **Physiotherapy service** for any adult with mental health problems who is unable to access mainstream services independently
- The **podiatry** service deals with the assessment, diagnosis and treatment of the foot, lower limb and associated structures
- Our **immunisation and vaccination team** offering vaccinations in schools, health and community venues to school-aged children and young people schooling in Barnsley

# Our local offer

- **Our early supported discharge team and stroke rehabilitation service** provides a borough-wide community rehabilitation service, which enables people who have had a stroke to access a service which specialises in stroke and rehabilitation
- **Tissue viability service** offering specialised care for people with compromised skill conditions and wounds
- Our **resuscitation service** provides training, information, advice and guidance to our colleagues to ensure we are able to provide effective resuscitation support to our service users
- Our **trauma informed personality disorder pathway** supports individuals who have a diagnosis or symptoms of Emotional Unstable Personality Disorder (EUPD) and those who support individuals who have experienced trauma including adverse childhood experiences

## Primary care

- **Improving access to psychological therapies**, for people who need low level support for their mental health and wellbeing

## Secondary care mental health services

- **Community based mental health** care for adults and older people, including a Single Point of Access
- **Inpatient units for adults and older people** with complex mental health needs who need support in a hospital setting, based in Kendray Hospital
- **Psychiatric intensive care unit** in Kendray Hospital
- **Early intervention in psychosis services (EIP)**
- **Mental health liaison services in Barnsley Hospital** to ensure people receive the right care and are signposted to the right place
- The **liaison and diversion** team provide a service for people with mental health problems in Barnsley and across South Yorkshire who are involved with the criminal justice system.
- **Mental health services for children and young people (CAMHS)**
- Supporting children, young people and adults diagnosed with **autism and attention deficit hyperactivity disorder (ADHD)**
- Community based support for people living with a **learning disability**

## Specialist services

- **Community forensic services**, supporting forensic service users based in the community
- **Forensic services** for people with a learning disability

## Preventative and supported self-care

- A tier 3 **Change4Life weight management service**, supporting obese people to achieve a healthier weight
- **Barnsley recovery college**, providing courses to help people improve their health and wellbeing
- **Creative Minds** who use creative approaches and activities to improve people's health and wellbeing through social prescribing.
- **Yorkshire Smokefree Barnsley service**, for all residents of Barnsley 12 years and older who are wanting to stop smoking. Support is offered in community and hospital settings, including mental health, and a bespoke service for pregnant women and their families. It also operates in other areas in South Yorkshire (Doncaster & Sheffield).
- **Specialised dietetic advice** for people with a mental illness and, or learning disability

We work closely with partners in Barnsley to deliver services in the most effective and impactful way. These include integrated care boards, Barnsley Hospital NHS Foundation Trust, Barnsley Council, Barnsley Healthcare Federation, Healthwatch, Barnsley community and voluntary services and Barnsley Hospice.

# Our local offer

## Calderdale

In Calderdale our main focus is on mental health services, learning disability and forensic services. We also have stop smoking services.

While we work across the whole Calderdale district we have bases in Halifax, Elland, Hebden Bridge and Brighouse. These services are provided to all people registered with a Calderdale based GP and are based in the community, as close to where people live as possible.

*Services provided in Calderdale include:*

### Primary care

- **Improving access to psychological therapies**, for people who need low level support for their mental health and wellbeing

### Secondary care mental health services

- **Community based mental health care** for adults and older people, including a Single Point of Access
- **Inpatient units for adults and older people** with complex mental health needs who need support in a hospital setting, based in the Dales in Calderdale Royal Hospital
- **Liaison services in police stations and in local hospitals** to ensure people receive the right care and are signposted to the right place
- Working with care homes to support older people
- **Our individual placement and support (IPS)** service supports people with serious mental ill health into employment
- **Perinatal mental health services** for pregnant women, new mothers and their families
- Our Insight team provide **early intervention in psychosis (EIP)**
- Mental health services for children and young people (**CAMHS**)
- Supporting children, young people and adults diagnosed with **autism and attention deficit hyperactivity disorder (ADHD)**

- Community based support for people **living with a learning disability**
- **Rehabilitation and recovery inpatient services** in Lyndhurst in Elland
- **Housing support service** for people with complex mental health needs

### Specialist services

- **Community forensic services**, supporting forensic service users based in the community
- **Forensic services** for people with a learning disability

### Preventative and supported self care

- **Calderdale recovery college**, providing courses to help people improve their health and wellbeing
- **Creative Minds** who use creative approaches and activities to improve people's health and wellbeing through social prescribing.
- **Specialised dietetic advice** for people with a mental illness and, or learning disability
- **Yorkshire Smokefree Calderdale service**, for all residents of Calderdale 12 years and older who are wanting to stop smoking. Support is offered in community and hospital settings, including mental health, and a bespoke service for pregnant women and their families.

We know that delivering the best services for local people requires everyone to work together. To do this we work closely with Calderdale Council, integrated care boards, Calderdale and Huddersfield NHS Foundation Trust, Healthwatch, and local community and voluntary sector organisations.

# Our local offer

## Forensic services

The Fieldhead site in Wakefield is the base for many of our forensic services. All services have multi-disciplinary teams and support service users either in hospital, the community or the secure children's estate. There is a large in-patient service at Fieldhead. There are also community services that support users either in the Trust footprint or across the region as the lead provider.

### Our inpatient services include:

- **Medium secure unit - Newton Lodge** (The Yorkshire Centre for Forensic Psychiatry), which provides care and treatment for men and women with mental health problems and men with a learning disability from across the West Yorkshire and Harrogate area
- **Low secure services – The Bretton Centre**, for men who suffer mental health problems
- **Low secure learning disability service – Newhaven**, an inpatient unit an inpatient unit
- **Our all-age community services include:**
- **Forensic community transition team**, which provides a forensic community transition service to support service users being discharged from the Bretton Centre into the community in partnership with non-forensic community services across the Trust
- **Forensic child and adolescent mental health service**, which provides support to young people from Yorkshire and the Humber region who have mental health problems and may be in contact with the criminal justice system. We also have teams working in Adel Beck secure children's home in Leeds and Wetherby Youth Offending Institute

- **Learning disability and autism forensic outreach liaison service (LDA FOLS)**, a regional service providing specialist forensic interventions to service users who have a learning disability or autism or both, and who have come or are at risk of coming into contact with the criminal justice system or been admitted to a secure hospital setting. The team work in partnership underpinned with an inter-agency approach with police, prison, probation, other hospitals and professionals
- **Specialist community forensic team (SCFT)**, which is part of the forensic community service offer for the West Yorkshire Provider Collaborative. The team provides a range of services for those on the forensic pathway for whom current community and transition services have not been able to provide the level of support needed to enable successful community transition or avoid readmission to secure services

“ Being referred for carers support changed my life. I had felt alone and overwhelmed for so long before this. ”

# Our local offer

## Kirklees

In Kirklees we deliver mental health support for anyone registered with a GP with a Kirklees postcode. We also provide learning disability and forensic services. Our services are run across the whole of Kirklees, as close to where people live as possible.

We have bases in Huddersfield, Dewsbury, Batley, Mirfield and Honley; and deliver our services in local communities so that people can access them easier.

*Services we currently provide in Kirklees include:*

### Primary care

- **Improving access to psychological therapies**, for people who need low level support for their mental health and wellbeing

### Secondary care mental health services

- **Community based mental health care** for adults and older people, including a Single Point of Access
- **Inpatient units for adults and older people** with complex mental health needs who need support in a hospital setting, based in the Priestley Unit in Dewsbury and District Hospital
- **Liaison services in police stations and in local hospitals** to ensure people receive the right care and are signposted to the right place
- Our Insight team provide **early intervention in psychosis (EIP)** support
- Working with **care homes to support older people**
- **Admiral Nurses**, who help service users diagnosed with dementia and Alzheimer's
- **Dual diagnosis services** for people with mental health issues and problems with drugs and/or alcohol
- **Perinatal mental health services** for pregnant women, new mothers and their families
- **Rehabilitation and recovery inpatient services** in Enfield Down

- Mental health services for children and young people (**CAMHS**)
- Supporting children, young people and adults diagnosed with **autism and attention deficit hyperactivity disorder (ADHD)**
- Community based support for people living with a **learning disability**
- Our **individual placement and support (IPS)** service supports people with serious mental ill health into employment

### Specialist services

- **Community forensic services**, supporting forensic service users based in the community
- **Forensic services** for people with a learning disability

### Preventative and supported self care

- **Kirklees recovery college**, providing courses to help people improve their health and wellbeing
- **Creative Minds** who use creative approaches and activities to improve people's health and wellbeing through social prescribing
- Our **Spirit in Mind** team work with spiritual organisations in Kirklees to help people access support and services
- **Specialised dietetic advice** for people with a mental illness and, or learning disability

We work with partners across Kirklees to deliver care in the right place and at the right time. These include Kirklees Council, Calderdale and Huddersfield NHS Foundation Trust, integrated care boards, Locala, Kirklees Neighbourhood Housing, Healthwatch, and many voluntary and community groups.

# Our local offer

## Wakefield

In Wakefield we provide secondary care mental health services, learning disability services, forensic services, tuberculosis screening service, and health support for residents of Urban House. We also have stop smoking services. It is the location of our Trust headquarters.

Wakefield is home to Fieldhead Hospital, our forensic units Newton Lodge and Bretton Centre, and the Horizon Centre looking after service users with learning disabilities. Throughout the Wakefield district we also have health and wellbeing centres in Wakefield and Pontefract, and an older people's inpatient unit in Hemsworth.

*Services provided in Wakefield include:*

### Secondary care mental health services

- **Community based mental health care** for adults and older people, including a Single Point of Access
- **Inpatient units for adults and older people** with complex mental health needs who need support in a hospital setting, based in Fieldhead
- **Psychiatric intensive care unit** in Fieldhead
- **Liaison services in Pinderfields Hospital** to ensure people receive the right care and are signposted to the right place
- **Perinatal mental health services** for pregnant women, new mothers and their families Mental health services for children and young people (CAMHS)
- Supporting children, young people and adults diagnosed with **autism and attention deficit hyperactivity disorder (ADHD)**
- Community based support for people living with a **learning disability**

### Specialist services

- **Community forensic services**, supporting forensic service users based in the community
- **Forensic services** for people with a learning disability

## Preventative and supported self care

- **Live Well Wakefield**, providing social prescribing and self-management services to Wakefield residents over the age of 18. Supporting with the wider determinants of health including housing, finances, social isolation, transport and delivering the Expert Patients Programme and other self-management courses and workshops.
- **Wakefield and Five Towns recovery college**, providing courses to help people improve their health and wellbeing
- **Creative Minds** who use creative approaches and activities to improve people's health and wellbeing through social prescribing.
- **Yorkshire Smokefree Wakefield service**, for all residents of Wakefield 12 years and older who are wanting to stop smoking. Support is offered in community and hospital settings, including mental health, and a bespoke service for pregnant women and their families.
- **Specialised dietetic advice** for people with a mental illness and, or learning disability

## Community services

- Our **health integration team** based in Urban House, providing nurse led healthcare for people who are seeking asylum
- Our **tuberculosis service** provides screening, advice and support to people in the Wakefield District being treated for TB and their family members

Partners we work closely with across the Wakefield District include the Council, integrated care boards, Mid Yorkshire Hospitals NHS Trust, Healthwatch Wakefield, Wakefield and Pontefract Hospices, and local community and voluntary sector organisations.

# Local health and care systems

To help people live well in their communities we understand that services need to be joined up, responsive and delivered as close to people's homes as possible. We know that to achieve this we need to work together across the whole health and social care sector. We are committed to helping join up care wherever possible, and are working in partnership on a local level in each of our areas to make this happen.

## West Yorkshire

We are an integral partner in the **West Yorkshire Health and Care Partnership**. We are also a leading partner in the **West Yorkshire Mental Health, Learning Disability and Autism Collaborative**. This involves collaborative work in key areas such as suicide prevention, acute mental health inpatient services, community mental health services, learning disability services, services for people with autism/ADHD, and other complex care systems. We are also lead providers for the **West Yorkshire Adult Secure Provider Collaborative**. We are partners in the **West Yorkshire Adult Eating Disorders** and **Children and Young People's Mental Health** provider collaboratives.

As well as working on a sub-regional level in West Yorkshire we are also involved in **provider alliances** across Kirklees and Wakefield, the **Wakefield Integrated Care Partnership**, the **Wakefield Mental Health Alliance**, and with **Calderdale Cares**. We are working closely with partners to ensure that mental health services are integrated into the local health and care systems and are delivered in a collaborative and partnership focused way.

We are also the lead provider for the West Yorkshire adult secure NHS-led provider collaborative. The aim of NHS-led provider collaboratives is to ensure that people with specialist mental health, learning disability and autism needs experience high quality, specialist care, as close to home as appropriately possible.

 *I met with a kind man who listened well and offered some practical help with getting out and about with organisations for people with my condition.* 

## South Yorkshire

We are members of the **South Yorkshire Integrated Care System** with our staff involved in the workstreams driving forward integration and collaborative working. This includes stroke services, ASD/ADHD, CAMHS and employment. We are a leading partner in the **South Yorkshire Mental Health, Learning Disability and Autism Alliance** and the lead for the **South Yorkshire Adult Secure Provider Collaborative**.

In South Yorkshire we are also leading members of the **Barnsley Community Health Alliance**, which integrates physical, mental and community health along with social care, and in the **integrated care partnership**, committed to joining up care for the people of Barnsley. We are working as part of area based partnerships in Barnsley to provide more localised community services, including the development of joined up care in neighbourhoods and **primary care networks**, which are more responsive and focused on places nearer to where people live. This includes work on stroke services, frailty and older people, neighbourhood nursing and cardio-vascular disease.

We are also the lead provider for the South Yorkshire and Bassetlaw adult secure NHS-led provider collaborative.

## Yorkshire Smokefree

Yorkshire Smokefree helps the people of Barnsley, Calderdale, Doncaster, Sheffield and Wakefield and Barnsley to go smoke free.

## South Yorkshire liaison and diversion services

The liaison and diversion team provide a service across South Yorkshire for people with mental health problems, who are in touch with the criminal justice system.

Sometimes we get things wrong and although we will always try to put things right, if you are still not happy, here's how you can raise any feedback, or make a complaint.

0800 587 2108 or 01924 316060
